

# BRADY®

## Touch. Print. Presto!

Make Labels That Make Your Point And Make Them Now.

**GLOBALMARK™**  
INDUSTRIAL LABEL MAKER

# Discover the **GLOBA** IN

## Bringing You Unprecedented Capability To

### **Touch, Print, Presto! It's Really That Easy.**

Never before has an industrial-grade make-it-yourself printer empowered you to do so much with little more than your index finger. Brady's advanced touch-screen technology, powered by a Microsoft Windows® CE operating system, makes producing professional labels as fast and simple as touch, print... presto! Of course, if you're more comfortable using a keyboard, you can do that, too. It's all about making it easy for you.

### **Make Custom Labels on the Spot. It's Really That Fast.**

When you need a label, you need it now. Not in a couple of hours or a day, and certainly not a week, as it would be if you had to place a custom order. The safety inspector in the lobby won't wait — why should you? With the GlobalMark™ label maker, just touch, print and get the label you need, on the spot, no waiting. No headaches. No up-charges. No kidding! It's all about making it easy for you.

### **When Safety and Security Really Matter, Don't Settle for A Generic Message.**

There is no substitute for a specific message that delivers critical directions and information with unmistakable clarity, at the precise point of need:

- Improve Safety
- Enhance Productivity
- Reduce Costly Errors
- Increase Profitability
- Tighten Security
- Satisfaction Guaranteed

### **Manage Your Files with the Brady File Management Utility.**

You'll receive the utility as standard with your GlobalMark, making managing files between your PC and GlobalMark fast and easy. Staying current with the newest upgrade utility is simple, requiring only a click for the update to automatically run to upgrade your printer files.

### **OSHA Compliance Made Easy.**

Make OSHA compliance easy with Lockout Pro™ Graphical Procedure Software. You can create lockout procedure tags and labels in just three minutes!

# From Brady.

## Make Labels That Make Your Point Now.

### Three Models, Three Sets Of Capability — You Really Do Have a Choice!

Choose from three GlobalMark models that print in either one color, multiple spot colors or blended colors. One model can even cut out images and individual letters. You can also download your logo to the GlobalMark.

With Brady's optional MarkWare™ Deluxe Facility Identification Software and your computer, you can import and print full color images, including photographs, logos, custom templates and more. The MarkWare software contains an extensive library of ready-to-print industrial label, tag and sign templates, easily customized to your specific needs.

#### **Color & Cut System** (Part No. 76801)

- Prints in one color, multiple spot colors and blended colors.
- Unit has a built-in cutter for cutting out images and sign letters.
- With optional MarkWare label making software, import and print *full color* logos, artwork, even photographs.
- Supply Saver Feature.

#### **MultiColor System** (Part No. 76800)

- Prints the same color options as the Color & Cut system, including the optional MarkWare software enhancements, without the cutter.

#### **MonoColor System** (Part No. 76798)

- Prints one color only on one color tape. It is also capable of using the library of MarkWare ready-to-print templates.

### Help Keep Employees Safe by Ensuring Properly Labeled Chemicals.

Poorly and inaccurately labeled chemicals and other dangerous materials represent potentially serious safety problems. Brady's ChemLabel™ Hazardous Material Labeling Software makes it easy to create and print labels for hazardous substances.

ChemLabel software features on-screen wizards to guide you through the process of linking data from a chemical database to a label layout, ensuring that the labels you need contain the right information. A complete stock of pre-designed templates, a full range of editing/drawing tools, and connection to Brady industrial printers and supplies ensures the chemical labels you need contain accurate information.

## The Best the World Has to Offer. Really, They're That Good.

You won't find industrial-grade materials that last longer than Brady's — better quality and more proven reliability does not exist. It's all about making it easy for you.

GlobalMark prints on your choice of 12 high-performance, make-it-yourself Brady materials, including **four new materials** — tag stock, magnetic-back, static cling and metallized polyester. Custom output created on Brady materials will remain legible for years, indoors or outdoors.
